

DRUMCONNER CARE HOME

Drumconner is an attractive period house set in prize-winning gardens near Bournemouth town centre and within walking distance to the local shops at Westbourne and the sea. The Home was opened in 1988 and has been under the same ownership for over 21 years.

We are registered for Residential and Nursing care for people over the age of 18 years. Drumconner caters for long-term care, the physically disabled and also the terminally ill. We also offer convalescent care and short-term respite.

Drumconner provides comfortable single rooms, many with en-suite facilities, in a warm and friendly environment. Meals are freshly prepared and cooked daily by our highly qualified chefs.

The Home offers a wide range of entertainment and activities for residents and relatives. Drumconner has its own mini-bus that is used for outings and appointments.

Our Complementary Therapist offers specialist treatments that consist of Manual Lymphatic Drainage and Combined Decongestive Therapy, also Thermal Auricular Therapy (Hopi ear candles), Aromatherapy, Reflexology and Counselling.

Drumconner's philosophy of care is to provide quality, physical, spiritual and social care that recognises the needs of the individual client. We offer an environment that fosters dignity, self-respect, independence, comfort and security.
