

# Lifeways

enabling better ways for living

Established in 1995, Lifeways Community Care has become one of the most trusted and respected providers of services for people with complex needs. Our services are operated through a steadily expanding network of Area Offices across the UK.

Our individually tailored services have been proven highly successful for people with: learning disabilities, mental health needs, acquired brain injuries, physical/medical disabilities and sensory impairments. Our care staff have also won a reputation for working effectively with people who have challenging behaviours or specialist needs, which may include Autistic Spectrum Disorders, Asperger's Syndrome, Prader-Willi Syndrome, and Dual Diagnosis. Our service models create a framework of proven stability and all our services are overseen by Qualified Nurses and Social Workers

## **In the South-West we are Approved Providers in Cornwall, Devon, and Somerset**

For further information or an informal discussion on the services we provide, please contact John Fahy on 01392 823400 or
